Staff Accountant

We are looking to hire the whole person, not just your credentials. These areas of expertise and interest will help you find success in the job tasks asked of you as a Staff Accountant at Irish Boat Shop.

Do you have an Accounting degree with at least three years of experience working in an Accounting position? Are you able to look analytically at numbers and data to see the details amidst the big picture? Are you organized and enjoy working with numbers, spreadsheets, data, and deadlines more than interacting with customers and co-workers? Some job tasks will include:

- Financial statement preparation
- Variance analysis
- Month End Close tasks
- Budgeting
- Forecasting
- Business analysis and projects
- Daily Transactions

Are you reliable and committed to hard work and excellence? Do you enjoy a team environment? Are you helpful and supportive of co-workers and other departments? Do you enjoy knowing the requirements of your daily, weekly, and monthly tasks with the ability to complete the tasks on your own?

Irish Boat Shop has a culture of hard working individuals who appreciate quality work and a helpful, team oriented environment.

Contact Laura Kohler at lkohler@irishboatshop.com with your resume and cover letter.
