All signs must be made of inflammable materials and are subject to the written approval of the MBIA prior to move-in. (Note sign limitations specified within these Rules and Regulations.) Signs that, because of the inferior quality of material or workmanship, are deemed by the MBIA to detract from the dignity of the Show or signs that block Huntington Place signs and graphics shall be prohibited in the sole discretion of the MBIA.

a. Hanging/Banner Signs: Exhibitors may have banners and metal, plastic, etc. signs hung from the ceiling by the Show contractor in accordance with Huntington Place guidelines within the perimeter of the exhibit space, and the cost to install and remove these signs are the full responsibility of the Exhibitor. Hanging signs/banners are only allowed over bulk space exhibits, must be 10 ft. or more off of the surrounding aisle, and may not contain or allude to discounts or prices. Hanging signs/banners cannot exceed 10'0" in height and 2,000 lbs. in weight. Exhibitors are required to oversee the hanging of signs by contractor. There can be no double hung banners (one banner above the other) unless hung against the wall. Interior banners must be double sided and cannot block the perimeter of the show. All exceptions must be approved by Show Management.

b. Pricing Signs: MBIA has no interest in the prices at which the exhibitors are willing to sell their products but is interested in maintaining a high standard in displays and presentations. To ensure the maintenance of this standard, it is suggested that an exhibitor display only one (1) Official Boat Show price per item.

Signs should meet the following requirements:

- i) Pricing signs may not exceed the maximum size of 18" x 23".
- ii) Price decals and price stickers on boats are not allowed.
- ii) All price signs displayed on boats or equipment must be quoted F.O.B. Metro Detroit.

c. **Easel-type signs** shall not exceed two (2) feet by four (4) feet.

d. No decorations or signs shall be placed or attached on building walls and ceilings by nails, tacks, screws, wire or adhesive tape without approval by MBIA and Huntington Place. No Exhibitor may pin, staple, or otherwise affix signs, photographs, display materials or any other type of advertisement or material whatsoever to pipe and drape supplied by the MBIA. Any damages incurred as a result of violating this provision shall be charged to the Exhibitor.

e. A manufacturer's illuminated logo or product identification sign may be utilized in an exhibit.

f. Signage must be professionally and securely built and hung from the ceiling and/or floor mounted on stands or stanchions and secured in such a way to prevent said signs from falling and tipping over. If electrical, sign must conform to electrical codes required by Huntington Place.

g. No signs of any type whatsoever shall exceed eight (8) feet in height from the floor of the Exhibit Hall, unless specially approved by the MBIA. Feather banners may be higher than 8 feet, but no wider than 3 feet.

h. Stickers and decals are prohibited everywhere in Huntington Place. Stickers and decals showing company name and brand information are allowed on boats located on the show floor; Price decals and price stickers on boats are not allowed. Huntington Place must approve use of helium balloons.

i. Laser type signs are permissible but display may only appear within the boundaries of the Exhibitor's booth, which is defined by the exhibit floor space and vertically up to the ceiling. Laser signs may appear on the wall space adjacent to an exhibitor only if that Exhibitor has contracted for space directly across from and right up to that wall, and is limited to the width of the Exhibitor space along that wall.

- 1) **Draw in those customers** – If there are people in your booth and a solid buzz around your products and services, others will want to know why and will be drawn to your exhibit. Be sure to invite your best customers and your potential customers to see you at the show to keep the flow of traffic going into your exhibit.
- 2) **Help promote the show** – MBIA has several tools available for you to use to help promote the show. Put a banner ad up on your website, include a banner ad in your next e-newsletter, communicate show information via your Facebook and Twitter accounts, and include the show information in any pre-show advertising. The more people who attend the show the better. Email awendecker@mbia.org for these tools.
- 3) **Stand out from the crowd** – Take advantage of the enhanced listing opportunities, or banner ad options to be sure your business is front row and center to show attendees. Sponsorship opportunities can be found at www.DetroitBoatShow.net under Sponsors.
- 4) **Recruit the troops** - Post on your own and on the Progressive Detroit Boat Show Facebook and Twitter pages information about your business, special offers, and products exhibited at the Progressive Detroit Boat Show, and ask your employees, friends and family to do the same. Lead them to www.DetroitBoatShow.net website for more information.
- 5) **Engage the media** – Send a press release to your local media outlining why you are going to be exhibiting at the Progressive Detroit Boat Show. A sample press release can be found in the Exhibitor Section of www.DetroitBoatShow.net. Be sure to let the MBIA know about any product

launches, new and interesting products and services, and also send a copy of your press release for our media efforts.

- 6) **Use best management practices** – Be sure you have the right people working your booth and that they have been trained on how to best represent your business, products and services.
- 7) **Offer an incentive to buy** – Offer a special deal, discount or service that truly will go away after the show. If you extend the special deal after the show, you have decreased the urgency to buy.
- 8) **Get leads** – Create a method by which you can collect leads and be sure to follow up on them in a timely manner.

Thank you for exhibiting at MBIA produced Boat Shows, where proceeds go back to our industry via MBIA programs & services.

Labor Union Information:

- Huntington Place is a union trade shop for certain installation and dismantling of exhibits. Please review rules to determine whether union personnel must be utilized for the assembly of any exhibits, ramps, etc., or otherwise assembled display.
- Huntington Place has work rules for Exhibitors which will help reduce your costs. Please review the detailed explanation attached in this section of the manual.
- Contact Convention & Show Services to arrange for your set-up crew if needed.
- **When assigned a crew, it is necessary for you to "sign in" and "sign out" that crew when their work is complete.**

Exhibitors who violate these rules risk being invoiced for estimated labor that would be required to complete the task or project. These fees will be due and payable prior to move-out and will include assembly and disassembly.

If you feel that your equipment or show personnel are being treated unfairly or billed improperly, contact the Contractor Operations Manager, and Boat Show Staff. Complaining to union personnel or his/her foreman may create disruptions without any solutions. By following the proper procedure, your complaint will be resolved in a timely fashion.

Three unions are represented through Convention & Show Services:

- **Teamsters** - operate forklifts and move exhibit material to and from exhibit space.
- **Iron Workers** - move machinery, operate cranes and assist crane operators in lifting boats & display materials.
- **Carpenters** - install pipe and drape, install, and remove carpet, and assemble exhibits.

TIPPING

- The Progressive Detroit Boat Show and the unions have a long-term working relationship. Union personnel are professionals and, as such, are proud to be of service and proud of quality work. They do not expect nor ask for gratuities, but they do expect to be treated with the same courtesy and respect afforded other professionals.
- The MBIA, Convention & Show Services and all contractor firms pledge to make this show as pleasant as possible for all concerned. Your cooperation is appreciated.

CEILING & DOOR WIDTHS:

- Ceiling heights are 30 ft.
- Door widths vary. Union staff will direct exhibitors to the appropriate door for entering the hall)
- The largest door in Hall D is 17' wide x 16' high, in Hall C 18' wide x 20' high, and Hall A 16' x 20'

CARPETING:

- Make arrangements with Convention & Show Services for installation in advance of your arrival.
- Carpet installation is at exhibitor's expense.
- Carpet must fit designated space, no overhanging.
- You may furnish your own carpet and carpet tape (**of proper quality**) but union labor must install it.
- Recommend having plastic installed over your carpet to protect it from tears and soil damage. It is impossible to ensure no damage to carpet because of equipment and personnel moving throughout the hall. It is an inherent risk during set-up and break down. The MBIA and Convention & Show Services will not be responsible for carpet damage because of move-in and move-out activities.

STORAGE:

- Crates, cartons, etc. may be stored at no extra cost in designated storage areas by CSS.
- There are a limited number of rooms in Huntington Place available to store merchandise and valuables. These areas will be open one hour before the show opens and closed one-half hour after the show closes. For access contact MBIA exhibit hall staff.
- Occasionally MBIA can negotiate storage for a limited number of boat trailers in Huntington Place to be stored during the show dates; exhibitors using the marshalling exhibit hall do so at their own risk; **trailers must be marked and identified by the exhibitor showing the company name and phone number. Vehicles cannot be left or stored inside Exhibit Halls.**
